ICT Call 1 Submission: Closes today at 17:00 BRUSSELS TIME

A proposer reported concern yesterday when the proposal submission system generated a warning message in response to the zero grant requested for a **Swiss** partner

Eligibility Warnings

Your proposal was submitted with the following eligibility warnings:

Part A Form

- Budget view warnings (1)
- Participant <participant name> has a requested grant of 0

If you believe that your proposal is eligible even with these warnings, then you may enter an explanation below – this will be passed to the eligibility committee.

Check with DG CNECT reported that this message was intended to alert proposers who had omitted to enter a grant figure. However in this case where zero grant was actually intended the message could be ignored.
